

Are we there yet?

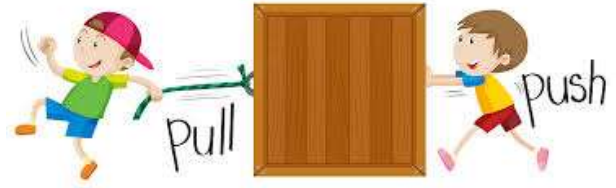

Dear Parent,

In our new theme, your child will explore where in the world they'd like to go and how they would like to travel there.

We will be looking at the following...

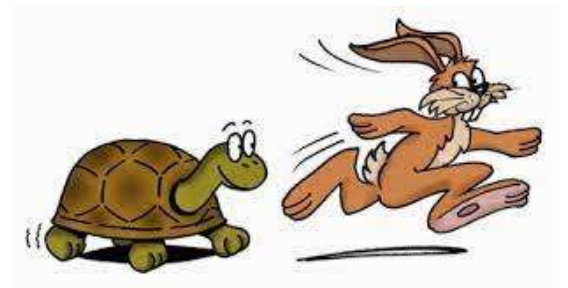

Different types of transport.

How things move.

Different holiday destinations.

Fast and slow.

Keeping safe on pavements and roads.

Imaginary and real journeys.

Explore these words below together and explain what each mean. Can your child use these words correctly in a sentence?

aeroplane	airport	bike	boat	bus	fast
holiday	journey	map	travel	walk	river
pavement	road	route	safety	truck	school
world	scooter	shop	slow	suitcase	train
transport	vehicle				

Supporting your child at home

- Take a walk around your local area and look at all the different types of transport you can see. Talk about all the sights and sounds. Can you see any road signs or road markings?
- Try some physical activities like a bike or scooter ride around the park.

Alongside this theme we'll be looking at signs of Autumn and using our outdoor areas/orchard as frequently as possible, weather dependent!

Thank you for your continued support,

Mr G. Stephens
